For Circuit Clerk.

We are authorized to announce the names of

G. F. BOHLEY

is a candidate for the office of Clerk of the Washington Circuit Court subject to the action of the Democratic party.

The situation in the great coal strike is growing more serious each day. The action of the Governor of Pennsylvania in ordering the entire State Guard to the strike region has made the miners more than ever determined and though it is disapproved of the miners think it will help them in the end. The region is quiet, with no men returning to work and very little coal being shipped. President Roosevelt is using every endeavor to bring about an agreement between the strikers and employers. He has made a proposition to John Mitchell representing the miners promising to immediately appoint a commission to investigate the coal strike situation if the miners' president will secure the immediate return of the workmen to the mines. Mr. Mitchell asked for time to consider the proposition. The belief at the strikers' headquarters in Wilkes-Barre is that a negative answer will be given.

Look Out For Them!

For years and years the local newspapers have been telling of how people have been deceived and misled by buying goods and services of strangers. How shrewd they have been to get money for an article shoddy made and no way to be represented. The warning to these readers and an exposure of these shrewd people to have had such effect as a bullet from an air gun against steel plate. We have come to the conclusion that there is much truth in Barnum's words, "The American people like to be humbugged."

This brings to mind the very strange fellow who visited the community a year ago and thoroughly deceived the farmers, selling several stores. Those who purchased stores of him this time have now an opportunity of paying the dealer or deceiving the dealer. A farmer within a few miles of Sandwich and very well known has bought one of the stores, or at least it was left in his possession. The price agreed upon was \$70. You can buy a larger and better store of any of our hardware dealers for \$45. A part of the deal was that the farmer was to be allowed \$40 for his old store and also was to be bound to the shapers who had made the store to be used to supply on the purchase price of the store. These people never consider a deal closed until you put your name upon paper. This farmer did so, signing a contract as supposed but which now turns up in the shape of a note for \$70 with interest. A few days ago a man presented himself at the farmer's house and requested him to take up the note, representing himself to be the purchaser and an innocent part of the note. In the deal made at the time of the delivery of the store \$20 was the balance to be paid and out of the \$20 several dollars for board were also to be taken. The fellow with the note declared he knew nothing of the old store and lights for much in the connection with the trade and refused to accept anything but the face of the note and interest, which he bought. The holder of the note threatens to bring suit and our farmer friend says he will not pay it. Was the owner to be retained to be paid? Then a moral to the deal which should not be permitted to escape the memory of any. Never sign a piece of paper for a stranger, turn the key loose upon the shapers and buy your goods of the more merchant who has a reputation in the market and from whom you can get redress if the were you purchased is not as represented. Don't miss Grove Hill, Reporter.

We understand that the Washington county has been invaded by agents recently whose methods should be carefully investigated.

Smith Carrio and Miss Ma. Lise Dill were published for the second time at St. Rose church last Sunday. Mr. Carrio is a very worthy young man while Miss Dill is one among the most popular young women of our land.

Last Sunday was confirmation day at St. Rose. The procession was beautiful, the service was grand, the music was divine. The large church was crowded, several seemed to think that there were about 500 people present. After early Mass we attended the Presbyterian church at Springfield and by so doing were deprived of the evening service at St. Rose which we would have liked very much to have attended.

and acquaintances of the de-
ceased.

The excursion train that left
here Sunday morning for Louis-
ville was the scene of a shooting
scrape between two negroes just
before the train reached Bard-
town. Will Richards a little
yellow cow who came here as
some time ago and who has been
working in a local barber shop
shot and badly wounded Bob
Clayton another negro who had
been with the gang telephone
linemen who have been making
repairs on the telephone lines
about town. There are conflict-
ing reports as to the history of
the occurrence. Some say that
the two men were scuffling
when the pistol which was in
the hands of Richards was dis-
charged accidentally and the
ball struck Clayton in the
mouth. Others who were wit-
nesses appear to think that the
shooting was done intentionally.
Richards succeeded in dodging
the officers on the train and
went into Louisville. It is
said however he came back on
the excursion as far as Bard-
town which is his home. The
wounded man was taken to
Shepherdsville where from last
reports he was doing well.

a Range all we ask is that you come to
our store and if we cannot show you a
better Range for less money then you

Eureka Harness Oil

leather soft and pliable, but it also
keeps the leather from cracking and
rotting, and it is the only oil that
can be used on harness and leather
without doing any harm to the

The magistrates of the county
met Tuesday and Wednesday
for the regular term of the Fiscal
Court. Claims against the
county were received and passed
on. The usual number of
claims from physicians for giving
medical aid to the poor people
of the county were presented
and some of the claims were set
down and almost "cut out" by
the court thereby causing long
and vigorous protests from the
doctors. A large number of
claims were passed on. The
election of a Keeper of the
county poor house resulted in
choosing Mr. Moland Derr the
present incumbent for the posi-
tion for another term. Mr.
Frank Keene was elected poor-
house commissioner.
